

Second national event

In Crescendo

Nov. 14th 2023 @ MAD Murate Art District, Piazza delle Murate, Florence, Italy

IN CRESCENDO

An event to present the INTERCEPT pilot project's result in Italy and to discuss the most suitable policy instruments and schemes to support young people to access meaningful training and job opportunities.

A community meeting - aimed at municipal and regional administrators and clerks, labour services, the third sector, cooperatives, volunteers and stakeholders - to take stock of the state of the art of youth policies, to share innovative programmes, projects and tools that can support young people, particularly those who are in a NEET condition, to acquire skills that can be used in the job market, with great reference to digital and green jobs.

A designer will capture the key ideas that emerge from the debate: they will take the form of live sketches, diagrams and maps on a screen.

 Coffee station at Caffé Letterario, Piazza delle Murate
